About us

SHREE HARISAI SPUN PIPE FACTORY was established in the year 2008 to produce the spun pipes to cater the emerging infrastructure development of India by Diploma Civil Engineer, Mr. Rajeshbhai Shingala.

With the increasing demand and to keep pace in the market the company has adopted semi-automated most modern technology to produce the quality products.

The Company is ISI Certified

The company has achieved the major market share by accepting the prestigious order and undertaken the government, semi-government and private sectors job.

Over the years of experience, the company has expanded it's product range and able to provide complete solution under single roof.

Company Infrastructure

Our Main Products

Cement Pipe

Manhole (Square / Round)

Septik Tank

Soak Pit

Our Products

Reinforced Concrete Pipe

A) BELL & SPIGOT TYPE :

This type of pipe is formed with bell and spigot part at the end which serves as a connection between pipes. Often the diameter is 1000 mm and less.

B) TONGUE & GROVE TYPE :

This is a large size type of pipe normally 900 mm and over in diameter with tongue and groove shape at both ends. Pipes are jointed using rubber rings, mastic sealants or mortar.

Perforated R.C.C. Pipe

Perforated R.C. Pipe is most suitable for lowering the underground water table by collecting the water through the holes on the upper part of pipeline and Drain out above ground.

Non R.C Pipe

Non-Reinforce Concrete Pipe is most suitable in areas where the ground water or effluent is very aggressive to steel.

Frames and Cover

We produce Precast Reinforced Concrete Manhole for Frames and cover with different diameters as per site requirement. The production conforms to IS 12592 (Part - 1 and 2)

Catch Basin

We produce Reinforced Concrete Catch Basin which are used for collecting debris carried by water in the drainage line in order to be removed and cleaned in a later period. These products have standard dimension. We produce Reinforced Concrete Catch Basin which are used for collecting debris carried by water in the drainage line in order to be removed and cleaned in a later period. These products have standard. However, we undertake the customs sizes job upon request.
